

LMI
Group

Stay Current!

...with the Latest Training & Education

LMI Group delivers a wide range of training modules for insurer and insurance intermediaries.

A Selection of Current Training Topics

Below is a list of our most popular topics. Should you have a particular requirement, not mentioned here, please ask one of our team. If a topic is not covered in our range of training or presentations, we will work with you to develop a program to suit your needs.

- **Business Interruption/Material Damage**
A four-part training session, which works through case studies. (Supported by tailored text book)
- **Industrial Special Risks**
A three-part session that covers the Schedule, Limits of Liability, Sub-Limits, Declared Values, Extent of Cover, Exclusions, and Conditions. (Supported by tailored text book)
- **Comparing Package Policies**
This course includes tips, trips and traps, covering Material Damage, Business Interruption, Crime/Theft, Money, and Liability.
- **Business Continuity Management**
Presentation on the importance of planning, appropriate and necessary steps, and the tools available.
- **Risk Management**
A wide range of training is available, including Occupational Health & Safety, Fire Protection, Security, and Slips, Trips & Falls.
- **Fidelity Guarantee**
This training discusses the importance of disclosure, periods of insurance and retro cover, as well as the relevance of discovery periods.
